With polished floors throughout the living areas, off to the right with 12 foot ceiling is an amazing open room with a superb kitchen, featuring wooden and stainless steel design elements, a long bench top with fisher/paykel dishwasher and Smeg gas oven top, with plenty of cupboards & room for the big fridge. Obviously & easy entertaining was high on the wish list in this unique design. The huge informal dining table creates it's own space with a cut away feature wall separating the living room.
